Discover Grand Lake

WATCH ON 17 OR ONLINE
BEAUTIFUL LAKE TOWN

Grand Lake has cobalt blue skies, the largest natural body of water in Colorado, and 12,007 ft. Mount Baldy as a backdrop. With all of that, plus the snowcapped Never Summer Range, you can see why the travel writer for World Property Journal ranked the town of Grand Lake number one in the “Authentic” Small Town List. To quote the Journal: “...this town has wood-planked sidewalks, funky Western restaurants, friendly folks with wide smiles and cowboy hats, fresh mountain air, craftspeople in colorful old studios, quaint bookshops and galleries, first-class live theater.”

Grand Lake is one of Colorado’s oldest resorts. Never a big mining or ski town, the town of Grand Lake began as a supply center in 1879 when gold and silver were discovered nearby in the Colorado River. The amounts of gold and silver were small and Grand Lake survived by becoming a lakeside resort in the early 1880s. What gold and silver couldn’t do, the motor vehicle did. Although a two-day drive from Denver, this area attracted families who built summer homes along the shores of the lake as early as 1902. Many of the homes around the lake have families who built summer homes along the lake, with Colorado’s largest natural lake and neighboring waters.

“The Outstanding” concept grew out of a local Rotary effort to refurbish the Information Kiosk in Grand Lake Town Park. Working with Town Trustees and the Chamber of Commerce, local Rotarians are repurposing the old Rocky Mountain Repertory ticket booth in Town Park into a family-friendly Trailhead Hub to guide visitors around town and beyond into Rocky Mountain National Park. Arapahoe National Recreation Area, and Grand Lake Metro Recreation District. During early project scoping, a visiting preschool teacher suggested artistic, knee-high panels with a watersheds theme inside the kiosk, so that younger kids can learn as well. Invoking youngsters is a key element of the Outstanding Grand Lake outreach. The Grand Lake Rotary Kiosk will showcase the aquatic world kids might encounter when hiking in the area with their families—like fish and otter in the lake, dragonflies and frogs in the marshy shore, voles and songbirds in the riparian woodland.

A new watershed ethic is taking root here in Grand Lake and it’s focused on our outstanding waterways. “Outstanding Grand Lake” is a grassroots movement toward sustainable community development, marketing, and education, emphasizing our unique relationship with Colorado’s largest natural lake and neighboring waters.

The “Outstanding” concept grew out of a local Rotary effort to refurbish the Information Kiosk in Grand Lake Town Park. Working with Town Trustees and the Chamber of Commerce, local Rotarians are repurposing the old Rocky Mountain Repertory ticket booth in Town Park into a family-friendly Trailhead Hub to guide visitors around town and beyond into Rocky Mountain National Park, Arapahoe National Recreation Area, and Grand Lake Metro Recreation District. During early project scoping, a visiting preschool teacher suggested artistic, knee-high panels with a watersheds theme inside the kiosk, so that younger kids can learn as well.

Invoking youngsters is a key element of the Outstanding Grand Lake outreach. The Grand Lake Rotary Kiosk will showcase the aquatic world kids might encounter when hiking in the area with their families—like fish and otter in the lake, dragonflies and frogs in the marshy shore, voles and songbirds in the riparian woodland.

Educatiing Grand Lake’s youngest visitors fits well with family-friendly summer events, including our Duck Derby Ducky Races, Fourth of July Pancake Breakfast and Parade, Buffalo Barbeque, Spirit of the Lake Regatta, and Constitution Week. It also opens doors to new partnerships in “Citizen Science” with Shadowcliff, headquartered in Grand Lake, offering workshops in watershed sustainability, along with Infinite West, a local group focused on better stewardship of natural resources through connected collaboration and education for sustainable healthy communities, economies, and environment.

Outstanding Grand Lake is a grassroots movement toward sustainable community development, marketing, and education, emphasizing our unique relationship with Colorado’s largest natural lake and neighboring waters.

Outstanding Grand Lake aims to cultivate a forward-thinking ethic of watershed sustainability through fun activities, workshops, and real community engagement that includes visitors of all ages in shaping the future of our Colorado River Headwaters, starting right here in Grand Lake.

www.outstandinggrandlake.org
Established in 1915, Rocky Mountain National Park (RMNP) protects 415 square miles of spectacular mountain scenery that encompasses 77 mountains of more than 12,000ft in elevation, as well as one of the most technically challenging 14,000ft peaks. Longs Peak. The park is home to 280 types of birds, including eagles and hawks, and 60 species of animals such as bighorn sheep, black bears, coyotes, elk, mule deer, and moose. More than four million people visited Rocky in 2015, up 21 percent from the previous year, making it one of the busiest national parks in the United States. Total park acreage is 265,795, with 252,085 acres designated as wilderness, making it one of the largest national parks in the United States.

Entrance Fees
On October 1, 2015, Rocky Mountain National Park increased entrance fees to fund maintenance and improvement projects. Please contact the park for more information. Fees and passes can be paid in U.S. currency by major credit or debit card, cash, or check.

Trail Ridge Road
Opened to the public in July 1932, the 48-mile long Trail Ridge Road, climbing to an elevation of 12,183ft at its highest point, connects Grand Lake and Estes Park. Approximately 12 miles of the drive is above timberline across tundra, making it the highest continuous paved road in the United States! Past the Grand Lake entrance, the road passes through scenic Kawuneeche Valley where moose munch greenery in the upper reaches of the Colorado River. Grazing elk greet sunrise and sunset in many of the park’s forest-rimmed meadows. Trail Ridge Road then climbs through a series of switchbacks at a grade that doesn’t exceed seven percent. Stone-walled turnouts provide parking spaces for visitors to take in the expansive vistas of the Kawuneeche Valley. The road then crosses the Continental Divide at Milner Pass (10,759ft), where headwaters of the Colorado River flow west to Mexico and the headwaters of the Cache la Poudre River flow east to the Mississippi. From approximately mid-October to mid-May, snow closes Trail Ridge at the Colorado River Trailhead, about ten miles from the Grand Lake entrance. For overnight stays, park visitors must be in a designated campground site or a backcountry campsite reserved by a valid permit.

Holzwarth Historic Site
A preserved, 1920s-era dude ranch nestled in the forest, Holzwarth Historic Site is located along Trail Ridge Road about seven miles north of Kawuneeche Visitor Center. (John Holzwarth erected the ranch buildings after Prohibition shut down his Denver saloon.) The lodge buildings are reached by a half-mile walk from the parking lot.

Timber Creek Campground
Situated along the Colorado River in the Kawuneeche Valley eight miles north of the park entrance, the campground (8,900ft) has 98 sites, all on a first-come, first-served basis. $26/night while the water is turned on late-May through mid-September; $18/night when the water is turned off. Cash or credit card. Ranger-led campfire programs in the amphitheater at Timber Creek during the summer. Tent camping as well as RV and trailer sites are available.

Activities in the Park
The park offers more than 350 miles of hiking trails, from leisurely strolls to technical climbing and hardcore backpacking options. For the adventurous trout angler, the park has 147 lakes, many with fish. Pick up a brochure listing lakes with fish and park regulations at the visitor center. Bicycles are permitted on Trail Ridge Road; however, there is very little shoulder and, with steep drop-offs, it is not for the novice cyclist. Guided horseback trail tours are available on the west side of Rocky Mountain National Park and leave from the stables in Grand Lake.

Ranger-led activities and nature programs are offered at each of the park’s visitor centers, including Kawuneeche Visitor Center on the west side of the park near Grand Lake. The Alpine Visitor Center is a must stop. At 11,796ft above sea level, it is the highest visitor center in the entire national park system. It’s about four miles west of Rock Cut and overlooks the Never Summer Range. The only place to purchase food and beverages in the park is at Trail Ridge Store, adjacent to the visitor center at the top of Trail Ridge Road.

Warm Tip: The alpine tundra is windy and 20-30 degrees colder than Grand Lake. Bring a warm jacket, sweatshirt, and sweater. The weather can change in a moment at this elevation.

Every Kid in a Park Pass gives all kids in the fourth grade free access to Rocky Mountain National Park. The pass is valid for the duration of the fourth-grade school year through the following summer (September-August). It is available at www.everykidinapark.gov.

General Information
For expanded information, visit our website www.GrandLakeChamber.com
**HIGH-ALTITUDE HINTS**

### CHOOSE WATER
Dehydration can lead to numerous health complications. Begin increasing your fluid intake (meaning water!) before starting any activity. The decreased atmospheric pressure will cause you to breathe more rapidly and lose more body water. Always carry water and drink two or three times more water than usual. It is better to take small sips at regular intervals instead of a lot at one time. The water in Grand Lake tastes great. You don’t need to buy bottled water. Instead, buy a souvenir Grand Lake water bottle and fill it up!

### ALCOHOL AND CAFFEINE
Consuming both dehydrates the body and you will feel their effect more quickly at high altitude, although everyone reacts differently. Match the alcohol or caffeine you consume with an equal quantity of water.

### SUCH PRESSURE
One is under a lot less pressure here, and we don’t mean stress. We mean atmospheric pressure.

While it may seem that there is less oxygen here, there is less atmospheric pressure, which gives the impression of a lack of air to breathe. This relative decrease in oxygen content in the air requires the body to create more red blood cells to increase its uptake of oxygen. While adjusting to high altitude takes time, overcoming the effects of altitude is often resolved as the body adjusts.

### DRESS FOR SUCCESS
The best way to dress all year round is to layer. Avoid cotton, especially when doing high-energy activities. Cotton retains water and will cause you to get chilled. With layers, you can add one if you are cold and remove one if you are too warm. Maintaining your body’s temperature is essential. A vest and shell are always good to have with you.

Most adults lose ten percent of their heat through their head, so wear a hat. Your hands and feet get colder for several reasons — they are farthest from the heart so, when you are cold, your hands and feet can get cold. Have non-cotton socks and gloves with you.

### SNOW!
Heed this warning: It can snow somewhere in Colorado every month of the year. Be prepared in case you are in that “somewhere.” It can get cold very fast, even in the summer, so be prepared and carry an extra layer of clothing.

### PRACTICE SAFE SUN
Apply sunscreen with SPF 25 or higher. Lube up at least 30 minutes before going out in the sun, which allows the sunscreen to bond to your skin. You will sunburn much more easily than you’d expect because of the thinner atmosphere.

Don’t forget the lips. Use a lip balm that contains sunscreen and reapply every one to two hours to avoid chapped lips. Wind can really dry out your lips so keep them protected.

### BOOM
Summer storms in the Colorado mountains can be electrifying so keep an eye on the sky. Lightning can occur more at higher elevations due to the air and climate being drier.

Most storms roll through in the afternoon and generally don’t linger. If caught in a storm, seek shelter on a low spot and allow it to pass over.

### TRAVELING IN NATURE
Part of vacationing in the Rocky Mountains is getting away from it all. However, any activity in the mountains involves risk. You must be self-reliant. Be realistic about your physical abilities, know your limits, and use common sense.

Have the proper clothing, water, map, equipment, and food. Most importantly, don’t be a loner. Do backcountry activities as a group. If you do venture out alone, let a responsible person know where you are going and when you return.

### PACK IT IN, PACK IT OUT
Food scraps, empty cans, bottles, and other debris are dangerous to animals. However small, litter is litter. No one wants to see other people’s trash, especially in unspoiled nature, so if you bring it in, take it out. Better yet, if you find trash left behind, take that too!

### NO BARS
Cell phones don’t always work in the mountains. Before heading out, make sure your cell phone is charged. When you don’t have cell service, turn your smartphone to airplane mode, which will save the battery by stopping the phone from searching for service. In airplane mode, photos can still be snapped.

### AN APP FOR THAT
Know what the weather is doing before you take off on an adventure! Check the local TV stations or your smartphone for the forecast and the wind chill factor. If it is a windy day, it will feel colder than what the thermometer reads. This is the wind chill factor. For example, if the temperature is 0 degrees and the wind speed is 20 miles per hour, the wind chill makes it feel like it is minus 22 degrees, so dress accordingly.

### PROTECT OUR WILDLIFE
Bears, and other animals like fox, coyote, raccoons, and birds can be attracted to human food and trash. Purposely trying to attract wild animals to get closer by enticing them with food is against the law. Animals that become dependent on human food will die when the humans leave. No matter how cute they are, don’t feed them! Don’t go for a selfie with a photo bombing moose or try to get closer to one. And, if you think mama bears are protective of their young, you are wrong. Female moose are very protective and can move much faster than you think!

---

For expanded information, visit our website [www.GrandLakeChamber.com](http://www.GrandLakeChamber.com)
Hummingbirds are beautiful tiny birds that weigh only two to three grams. The humming noise is their wings beating 80 times per second. They can maneuver at 50mph darting in and out. Hummingbirds are the only bird that can fly backward, and their feet are only for perching, not walking. Due to their rapid breathing and heart rate, they eat often and love the sweet Rocky Mountain wildflowers. Four species migrate to this area of Colorado: Broad-tailed, Rufous, Black-chinned and Calliope.

Elk are sociable animals; they are seldom found without other elk nearby. These majestic animals with a prominent white rump and tan coat can stand up to five feet tall and can weigh 1,100lbs. The stately elk (wapiti) can be seen in the morning or early evening along the edges of clearings in the Kawuneeche Valley meadows of Rocky Mountain National Park or higher up. In the fall, bull elk are famous for their bugling that echoes across the valleys.

The official Colorado state animal is the Rocky Mountain bighorn sheep, found only in the Rockies. With massive, curved horns, these large animals are known for their agility and perfect sense of balance. They are related to goats and have balance-aiding split hooves and rough hoof bottoms for natural grip. In late fall, the loud crack of two majestic rams head-butting one another can be heard for a great distance.

The beautiful and cunning red fox is found throughout the Rockies. It is very intelligent and adapts well to human environments. Its long bushy tail with a distinctive white tip provides balance for jumping. The red fox has orange-red fur on its back, sides, and head and white fur under its neck and on its chest. Its strong legs allow it to reach speeds of 45mph, a great benefit for catching prey and evading predators. Red foxes are solitary hunters who feed on rodents, rabbits, birds, and other small game, but their diet can be flexible, depending on their environment.

Moose jams have nothing to do with music. A moose jam is a condition caused by people in cars stopping to view moose in a meadow or by the roadside. Moose can be spotted at almost any time of the day, along the road, in parking lots, even walking into town. Moose can be considered the unofficial mascot of Grand Lake. Male moose, called bulls, average seven feet tall at the shoulder and can weigh in excess of 1,500lbs. Female moose, called cows, usually aren’t as big as bulls, with an average weight of 450-800lbs. It’s exciting to see moose but walk out of your way to avoid them. Respect a wild animal that stands 6ft tall, can weigh half a ton, has sharp hoofs, big antlers and a really mean disposition.

The name “black bear” is misleading since the bear can range in color from blond to black. Bears are generally shy, but you should always use caution in brushy areas, near a stream, or where the trail rounds a bend. Never underestimate the power of a surprised bear! Bears usually have a clumsy, plodding walk, but don’t be fooled; they can move like greased lightning. Bears have been known to approach cabins if trash is left out. In most cases, they will detect you and leave, but if you see a bear, calmly and slowly leave the area. Do not run or make sudden movements.

Coyotes in populated areas are not fearful of people. Able to run 40mph, they have been known to attack pets and approach people. With grayish-yellowish-brown fur and white fur on the belly, coyotes can be three to four feet long and weigh 20-50lbs. They have long bushy tails and run with them down, while domestic dogs run with tails up. Coyotes communicate with a distinctive call, which at night often develops into a raucous canine chorus. These adaptable animals will eat almost anything and form packs in the fall and winter for more effective hunting.

Graceful pronghorn antelope can run at 44mph with short bursts to 70mph. They can leap horizontally four to eight meters but they can’t jump fences. (Go figure!) You can see bands of pronghorns in the meadows between Granby and Grand Lake.
KAUFFMAN HOUSE MUSEUM

The museum is in the historic Kauffman House, a former stage stop and restored log hotel built in 1892. The museum provides a glimpse into the early days of Grand Lake and the colorful characters who made western history. Grand Lake Area Historical Society operates and maintains the historic building. A gallery was added in 1990 to house additional exhibits, which change periodically. The museum is listed in the National Register of Historic Places for its log architecture. Open daily Memorial Day to Labor Day 11am-5pm, weekends in September, and on special occasions. Admission $5, children 12 and under are free. 970-627-9644, www.kauffmanhouse.org.

BROADWAY SHOWS LIVE

Since 1966, Rocky Mountain Repertory Theatre is Grand County’s only live, family-oriented theater producing professional, award-winning, singing and dancing musicals. The 300-seat theater has state-of-the-art lighting and sound. Over the years “The Rep” has received numerous awards, among them The Denver Post Ovation Award and the Colorado Theater Guild Outstanding Regional Theater Award. Professional actors come from all over the U.S. to perform musicals and spend the summer in Grand Lake.

The summer repertory season (mid-June to mid-August) consists of three musicals in daily rotation, plus a fall weekend production through the end of September. 2016 season performances include Disney’s The Little Mermaid opening June 17, Rock of Ages opening June 24, Titanic: The Musical opening July 8, and Million Dollar Quartet opening Sept. 2.

Theater tickets are available online, by phone, or at the box office. Seating is reserved and advance purchase is recommended. Box office 970-627-3421, www.rockymountainrep.com.

WATER SPORTS

As the largest natural body of water in Colorado, Grand Lake offers all manner of water sports. Explore the lake on a motor boat, a pontoon boat, or enjoy the latest craze of standup paddle boarding. Grand Lake has the world’s highest-altitude, registered yacht anchorage, so the lake is also popular for sailing. There are a variety of rental locations in town along Lake Avenue. The town beach has picnic tables and room to play.

Lake Granby is the third largest body of water in Colorado with more than 40 miles of shoreline. This lake, which is actually a reservoir, is great for sailing, fishing, and paddling.

Beacon Landing Marina rents pontoon boats on Lake Granby. This is a great way to spend an afternoon with family and friends while enjoying the lake! 970-627-3671, www.beaconlanding.us.

HIGH-ALTITUDE GOLF

If golf is your game, then test your skills on one of the four courses this area has to offer.

Grand Lake Golf Course, Country Road 48 off US Hwy 34 past the entrance to the village of Grand Lake, is par 72 playing 6,650 yards. This 18-hole championship golf course is at an elevation of 8,420ft and borders Rocky Mountain National Park with vistas of the snowcapped Never Summer Range. Eat at Sly Fox Restaurant and Lounge. Opens around May 1 and closes at the end of October, weather permitting. Tee times may be made online. 970-627-8008, www.grandlakerecreation.com.

Grand Elk Golf Club, in Granby, was designed by PGA tour championship golfers and has a heathland-style course—low vegetation and rolling terrain. Daily fee play is available. 970-887-9122, www.grandelk.com.

Golf Granby Ranch is two miles south of Granby and 17 miles north of Winter Park. Par 72, 18 holes. 7,200 yards. The front nine is set along the Fraser River while the back nine runs up and down a narrow valley. This scenic course consistently ranks as one of the top mountain golf courses in Colorado. It offers a putting green, driving range, pro shop, lessons, rentals, and food and beverage service. Book tee times online. 888-850-4615, www.granbyranch.com.

GET YOUR THRILLS ON THE HILL!

The Tubing Hill
SnowMountainRanch.org
970-887-2152

Snow Mountain Ranch is a 2,550-acre working ranch located north of Winter Park and sits on the Continental Divide, the highest peak in the Rocky Mountains. Snow Mountain Ranch offers a variety of summer and winter activities for the whole family. A variety of retreats and camps are offered throughout the year. For expanded information, visit our website www.GrandLakeChamber.com.
RECREATION PROGRAMS

Grand Lake Metropolitan Recreation District offers a variety of activities for adults and children. Enroll in youth or adult tennis programs or one of the adult pickleball leagues. 970-627-8836, www.grandlakerecreation.com.

HEAD TO THE “Y”

Snow Mountain Ranch/YMCA of the Rockies has summer fun for everyone, including the ONLY summer tubing hill in Colorado! Get your thrills without the chill! Keep the adventure going with miniature golf, disc golf, ropes course, zip line, horseback riding, craft center, biking, and numerous indoor activities. Kids also love The Farm with goats and sheep, or pony rides for $20/half hour. There are also day passes available. Ten miles south of Granby off US Hwy 40. 970-887-2152, www.ymcarockies.org.

HIGH-ALTITUDE FISHING

The waters around Grand Lake and Granby offer many opportunities for just about every type of fisherman. Brown trout, rainbow trout, and mackinaw (lake trout) have made Grand Lake (256ft deep) their home. While shoreline access is limited, the best areas to fish around the lake are public.

Shadow Mountain Reservoir is a shallow lake (24ft deep; yes, this is correct!), prolific in undergrowth, with a deeper basin closer to the dam. As the Colorado River flows through the spillway, it forms an excellent year-round, tail-water fishery.

Lake Granby (221ft deep) is a destination lake for world-class, lake-trout fishing. Fish over 40 inches are caught every year! Brown trout over 20 inches are consistently caught. Rainbows and kokanee salmon round out this great fishery.

Rocky Mountain Outfitters provides guided fly-fishing trips to numerous streams around Grand Lake and the Colorado River. Lake fishing on Grand Lake itself (catch-and-release) or Williams Fork Reservoir (keep your catch) is also offered. They rent equipment and sell licenses, bait, and tackle. 970-798-8021, www.rkymtnoutfitters.com.

Stop by Beacon Landing Marina for guided fishing trips, bait, and tackle. 970-627-3671, www.beaconlanding.us.

A valid Colorado fishing license is required for all persons 16 years or older to fish in Colorado.

Good news for fish in Grand County: An agreement between Grand County and Denver Water will leave 651 million gallons of water a year that otherwise would be diverted to the headwaters of the Colorado River. This will improve the health of streams, a habitat for fish and other wildlife. Colorado Water Conservation Board will protect the water left in streams and use it to preserve natural conditions.

ATV/UTV RENTALS

Get out and explore the backcountry on an ATV single ride or a side-by-side UTV (RZR). An ATV has handlebars and an open saddle and is small enough to get-up-and-go. A UTV is larger with side-by-side seats. You need protective eyewear, long pants, sturdy shoes, and rain gear. ATV renters must be 18 years old; RZR renters must be 21. Trails around Grand Lake are generally rideable in early June through early October.

OUR FURRY FRIENDS

Dogs and wildlife don't mix. Have your dog on a leash if you venture into the backcountry. If you plan to visit Rocky Mountain National Park or a wilderness area, consider Mountain Mongrels for day or overnight boarding. They are also a full-spectrum pet-supply store with quality pet foods and toys. 970-531-0387, www.mountainmongrels.com.

HORSEBACK RIDING

Grand Lake has multiple outfitters who can guide you on a horseback ride to explore the mountains.

Grand Lake Lodge offers guided trail rides that leave directly from the stables at the lodge. Book either a two- or four-hour ride which travels into Rocky Mountain National Park. 970-627-3967, www.grandlakelodge.com.

GET A LIFT

Granby Ranch has chairlift rides for foot passengers for only $5 during bike park hours with access to hiking trails and Vista Ridge, one of the best views in the county. 888-850-4615, www.granbyranch.com.

RECREATION PROGRAMS

Grand Lake Metropolitan Recreation District offers a variety of activities for adults and children. Enroll in youth or adult tennis programs or one of the adult pickleball leagues. 970-627-8836, www.grandlakerecreation.com.

SUMMER more cool things to do continued on page 18
CAMPING
Pack up the backpack, tent, camper, or RV and check into the ultimate room with a view. A variety of camping accommodations are available in the area.

Arapaho National Forest/Arapaho National Recreation Area has several campgrounds along the shores of the nearby lakes. There is also dispersed camping throughout the national forest. Contact the Sulphur Ranger District in Granby, 970-887-4100, www.fs.usda.gov.

Timber Creek Campground is the only campground on the west side of Rocky Mountain National Park near Grand Lake. Timber Creek is first-come, first-served, tent or RV camping, and has picnic tables, toilets, and drinking water. www.nps.gov/romo.

Private campgrounds in the Grand Lake area offer a variety of amenities and activities to create the perfect family vacation.

Elk Creek Campground is a private campground bordering Rocky Mountain National Park. Ranked a favorite on Trip Advisor, it offers spacious RV sites, a tipi and cabins for rent, a playground, trout pond, arcade, WiFi, renovated showers, and bathrooms. A moose might even walk through! 970-627-8502, 1-800-ELK CREEK, www.elkcreekcamp.com.

Winding River Resort offers camping on the North Fork of the Colorado River. Whether you’re in a tent or RV, all the sites have picturesque views. There are also cabins and lodge rooms. If you like to travel with your horse, there are horse runs at the campsites. Showers, restrooms, and laundry are available. 970-627-3215, www.windingriverresort.com.

MILES OF DOG-FRIENDLY TRAILS
Grand Lake Metropolitan Recreation District provides 15 miles of dog-friendly hiking and mountain biking trails, plus four picturesque picnic areas. Wind your way around lakes and meadows bordered by majestic peaks. The trail system for mountain bikers is primarily intermediate to advanced: beginners are encouraged to stick with the beginner loop. Please do not approach wildlife! This area is located on Country Road 48 off US Hwy 34 just before the golf course. Parking is on the left.

FAT-TIRE TRAILS
Bike Granby Ranch turns their winter ski area into a fun and exciting downhill bike course. The park has some old favorite trails in addition to family-friendly trails for beginners, as well as added features for advanced riders. Bike Granby Ranch also has an enhanced cross country trail network in addition to family-friendly, lift-served trails.

GET THE SKINNY
It’s with good reason that the iconic Ride the Rockies road bike tour comes through Granby and Grand Lake so frequently. Grand County has riding to suit every taste from leisurely rides meandering past bucolic meadows and historic ranch lands, to arduous climbs up some of Colorado’s steepest mountain passes.

All of the highways in Grand County are two-three lanes and, with the exception of the daunting Trail Ridge Road through Rocky Mountain National Park, have ample shoulders. Remember to abide by the cardinal rules of road cycling: always ride single file, ride with the traffic and ride within your limits!

RODEOS
Looking for a Wild West experience? Go to a rodeo! Rodeos began more than 100 years ago as weekend recreation on working ranches. Today, rodeos near Grandy feature the best local amateur and professional contestants in the traditional cowboy skills of riding and roping.

Rodeo season continues with the 100th Annual Middle Park Fair and Rodeo, Aug. 10-14. Saturday is Family Day with kids’ games, a ranch rodeo, the 4H livestock auction, and a dance. Rodeo at 1pm on Sunday, Middle Park Fairgrounds, Kremmling. 303-775-7528.

SUMMER
For expanded information, visit our website www.GrandLakeChamber.com
COOL LOCATION
Colorado’s central location means a maximum air-travel time of four hours from anywhere in the United States. In the summer, guests have the option of traveling to the Grand Lake area over Trail Ridge Road in Rocky Mountain National Park. That impressive drive will certainly get people excited for the big event!
Only two and a half hours from DIA on I70 and over Berthoud Pass, guests will have a chance to see a ski area town in the summer. Either way, this area offers something for all.

DOCUMENT YOUR SPECIAL EVENT
Besides the many selfies you take, snap a few group photos. Group photos not only show everyone who attends, they also capture a moment in time. Video is invaluable for seeing kids playing or hearing the voices of the older generation telling stories about years past. All of this will document your family’s history and the history of the area.

PLANNING HELP
Request assistance from the talented locals who know the ins and outs of the community. Both the Grand Lake and Granby chambers can help with ideas for planning your special event or corporate retreat.
Check out these websites for a list of vendors to help you plan:

WHO NEEDS DECORATIONS WHEN YOU’VE GOT MOTHER NATURE?
The snowcapped mountains and a sparkling alpine lake offer a stunning backdrop for your dream wedding, any time of year, in and around historic Grand Lake. This remarkable setting is a picture-perfect place to celebrate your special occasion with family and friends. As an added benefit, Grand Lake is just 67 miles from Denver. Colorado’s central location in the United States means a maximum travel time of four hours from anywhere in the country. With the chance of a deer, elk, or moose making an unexpected appearance, the mountain splendor of Grand Lake promises a romantic and memorable wedding experience.

Grand Lake is all about choices. Select from mountainsides, lakesides, hotels, restaurants, historic lodges, dude ranches, barns, or a scenic golf course to match your personal style. Because your wedding day is an intimate reflection of your love, distinctive reception sites and accommodations will provide the ideal atmosphere for your special day. Destination weddings are affordable, beautiful, and are as enjoyable for guests as they are for the couple.

ESSENTIALS

Book Early! Grand Lake is a very popular destination in the summer, not only for weddings but also for family reunions and business events. Plan and book early to ensure your ideal location.
Consider the Weather. Colorado is known for deep blue skies and 300 days of sunshine, but changing weather and afternoon thunderstorms can occur suddenly. Though storms usually move out as quickly as they appear, it’s prudent to have a tent or indoor alternative.

WHO CAN MARRY YOU?
The officiate does not need special licensing to conduct a wedding in the State of Colorado: however, state and county marriage-license requirements can change. It is important that you verify all information with the local marriage license office or county clerk before making any wedding plans. A marriage license can be obtained at the County Courthouse in Hot Sulphur Springs. 30 minutes away. A marriage license may be issued in any Colorado county clerk’s office and used in any county in the State of Colorado. There is no waiting period for getting married in Colorado and there are no required tests. A Colorado marriage license is valid for 35 days. www.usmarriagelaws.com/search/united_states/colorado.

RESIDENCY REQUIREMENT IN COLORADO
Neither the bride nor the groom has to be a resident of Colorado, making it a great state for a destination wedding!

WEDDINGS IN ROCKY MTN NATIONAL PARK
Ceremonies in Rocky Mountain National Park are authorized through a Special Use Permit that requires a non-refundable fee of $150. Normal park entrance fees apply for all vehicles associated with the ceremony. 970-586-1209.

TAKE YOUR GROUP TO HIGHER GROUNDS
Time to gather the family for a reunion? Grand Lake offers facilities for any group to meet in grand style. Whether you’re looking to host a business retreat with spaces to meet and mingle, a seminar with few urban distractions, or a fun family gathering, you will discover that Grand Lake has room to work and play.

ESSENTIALS

Book Early! Grand Lake is a very popular destination in the summer, not only for weddings but also for family reunions and business events. Plan and book early to ensure your ideal location.
Consider the Weather. Colorado is known for deep blue skies and 300 days of sunshine, but changing weather and afternoon thunderstorms can occur suddenly. Though storms usually move out as quickly as they appear, it’s prudent to have a tent or indoor alternative.
BACKCOUNTRY SAFETY
Venturing into the backcountry in Grand County is an exhilarating experience and offers something for everyone, no matter what your winter passions are. However, it is important to recognize avalanche-prone slopes. If you are serious about your backcountry adventure, take a class from a professional. Never take unnecessary risks! Always check current weather and forecasts posted by the Colorado Avalanche Information Center. http://avalanche.state.co.us.

Here are some tips to help ensure that your experience is fun and safe.

• Never venture into avalanche-prone territory alone.
• Have the proper equipment, which includes a map of the region, an avalanche transceiver, a probe pole, and a shovel. Know how to use them.
• Understand your limitations and stay within them.
• Even when you are in a group, tell a reliable person where you are going and inform them when you’ve safely returned.
• Carry extra food, water, and a first aid kit. Also carry extra socks and gloves.
• Keep your cell phone turned off or in airplane mode and inside your coat so the cold doesn’t drain the battery. You will likely not get service in the mountains so don’t rely on it; however, text messages can often be sent with less signal.
• Follow all posted safety warnings.
• Prepare your car for winter driving. Leave with a full tank of gas. Keep boots, blankets, water, snacks, and a flashlight in your car. A shovel is not a bad idea either.

PARKING
There are three primary parking and unloading areas in or near Grand Lake, giving you easy access to some of the best snowmobiling in Colorado:
• South Supply Trail, near US Hwy 34.
• Idleglen Trailhead, five miles south of Grand Lake, off US Hwy 34.
• Buffalo Creek Campground Trailhead, off Colorado Hwy 125, near Granby.

IMPORTANT TIPS
Ride your snowmobile with the same respect as when you drive your car.
Slow down when approaching corners, be respectful of other trail users and stay alert for wildlife, although they’ll hear you coming! All trails are two-way so ride with care and be aware that backcountry skiers, snowshoers and riders on fat bikes might be using the same trails.

Always ride a trail as if you’ve never been on it before, even if it is a familiar one. Big sleds are subject to the same avalanche danger as other backcountry users, so know conditions before you go. Out-of-state residents who bring snowmobiles into Colorado must purchase a Colorado Non-Resident Snowmobile Permit, which is available at a State Park office, at authorized businesses in Grand Lake, or at www.parks.state.co.us.

COLORADO NOISE LIMIT
Please ensure that your machine is up to date with the maximum allowable noise level for snowmobiles in the high country, which is 88 decibels. The Colorado Snowmobile Association supports the limit: “We don’t think a loud sled with exhaust is an appropriate use of public land.”
Granby Ranch is home to family-friendly skiing, world-class downhill and cross-country mountain biking, and an 18-hole championship mountain golf course. You'll also find private, gold-medal fishing, and family dining at Granby Ranch Grill. It’s a true mountain playground, with chairlift access to thousands of acres of hiking, snowshoeing, and cross-country skiing trails.
WINTER WONDERLAND
When winter arrives in Grand Lake, so does the snow that blankets the ground in feet, not inches. Whether you fancy driving a snowmobile or seek solace among the majestic pine trees on a snowshoe trek, you will find it here. Grand Lake’s charm is enhanced in the quiet, shorter days of winter.

ICE FISHING
The winter temperatures are bitter cold. The air is crystalline clear. What better time to auger a hole in the lake ice and try your luck? The lakes of Grand County are home to some of the biggest lake trout in the Rocky Mountain West, so ice fishing is a popular sport among the snow-covered mountains.

Rocky Mountain Outfitters is a family-owned business that specializes in year-round fishing. They offer guided ice-fishing trips with experienced local guides. Complete ice-fishing setups are available if you prefer to venture out on your own. Conveniently located in town, they rent snowshoes and ice skates if you want to walk or twirl instead of fish. 970-798-8021, www.grandlakechamber.com.

Grand Lake Ice Fishing Contest is always the first weekend in March. This is a fun event bringing hundreds of winter anglers to fish in the beauty of Grand Lake. Contact the Grand Lake Chamber, 970-627-3402, www.grandlakechamber.com. Anglers wait all winter for the 3 Lakes Ice Fishing Contest, the largest and longest-running fishing tournament in Colorado. More than 1,000 fishermen (and women) will show up for next year’s 29th annual event that will take place on Lake Granby, Shadow Mountain Reservoir and Grand Lake on Jan. 27th, 28th and 29th, 2017. For the first time three tagged fish will be released into Lake Granby, each worth $1,000. 970-887-2311, www.granbychamber.com.

FAMILY FUN
Snow Mountain Ranch/ YMCA of the Rockies, located just six miles from Granby, offers a huge array of winter activities, guaranteeing fun for all ages. In addition to the fabulous Nordic Ski Center, the Y has miles of snowshoe trails and offers sleigh rides, horseback riding, snow tubing, sledding, and ice skating. Dogsled rides have become one of the most popular programs offered at Snow Mountain Ranch. With 16 hard-working sled dogs, each with a unique personality, guests often develop a personal relationship with one or more dogs.

The Y also rents fat bikes (mountain bikes equipped with beefy tires) and has dedicated trails to ride them on. If you prefer to have your fun indoors, there is a swimming pool, indoor archery, a climbing wall, and a craft area. The Kiva Center is Snow Mountain’s home for indoor recreation and includes ping-pong, volleyball, basketball, foosball, and roller skating. 970-887-2152, www.snowmountainranch.org.

ICE SKATING
Practice your twirls on the ice at the Town Square rink conveniently located in downtown Grand Lake. Free skates may be checked out at Rocky Mountain Outfitters, 970-798-8021, www.rykmoutfitters.com.

Snow Mountain Ranch has an ice skating rink near the Nordic Center. Skate rental is free for members and overnight guests. Rentals included in day pass purchase for non-members and non-overnight guests. 970-887-2152, www.ymcarockies.org.

SLEIGH RIDES
Beautiful draft horses pull immense wooden sleighs for winter rides at Winding River Resort. Get cozy under blankets as the scenery passes by. They offer group rides, private rides, and campfire cookout rides for groups. Reservations are required at least 24 hours in advance. 970-627-3215, www.windingriverresort.com.

FIREWORKS IN GRAND LAKE
A long-standing tradition is the incredible fireworks display over Grand Lake on New Year’s Eve during Winter Carnival in mid January and on the 4th of July. The fireworks can be seen from many local businesses in town with patios. They may also be viewed from Lake Avenue, Lake Park, and the beach. Another viewing point is near the East Inlet boat launch. Many businesses have live music and extended hours following the fireworks. Firework shows are dependent on weather and fire advisories.

Ski Granby Ranch
A family-owned ski resort, Ski Granby Ranch has all the amenities of the large ski resorts without the crowds or attitude. The wide open terrain is designed for skiers and riders of all ages on beginner, intermediate, and advanced runs. Thanks to the comfortable terrain and revolutionary Children’s Center programs, Ski Granby Ranch has gained a reputation as an excellent place to learn to ski and snowboard.

There is close parking near the base, easy-access lifts, and ski terrain that was created to be family friendly. All trails begin at one point and end at the base, so parents and children can ski at their own level without getting lost.

NIGHT SKIING
Ski Granby Ranch offers Grand County’s only night skiing and snowboarding on Fridays and Saturdays. Designated slopes and The Rough Stock terrain park are fully lit. 888-850-4615, www.granbyranch.com.

FAT BIKE RIDING
Snow Mountain Ranch has its own fat bike rental fleet and more than 40km of dedicated trails perfect for the big-wheel enthusiasts! This year, Snow Mountain Ranch Nordic Center will hold a progressive fat bike race series with distances from 10k to 40k over more than three races. 888-573-9622, www.snowmountainranch.org/nordic-center.
As snow falls gently in the trees, pause and listen to the quiet. There is nothing more peaceful than a quiet Nordic ski or snowshoe through the woods and meadows. Cross country skiing and snowshoeing are also excellent aerobic workouts. According to the American College of Sports Medicine, they can burn 400-1,000 calories per hour.

**CLASSIC VS. SKATE NORDIC SKIING**

Nordic, or cross-country skiing, refers to two distinct styles of skiing. Most people are familiar with the original form, classic skiing, that resembles a walking motion, kicking and gliding on groomed, parallel tracks.

Skate skiing resembles ice skating. Skiers propel themselves forward by pushing one ski diagonally outward and repeating the movement with the other ski, creating a V shape. There are numerous pole-planting variations that skiers use according to the terrain, conditions, and expertise. The equipment is sport specific and, in a cross country ski area, so are the trails. Classic skis are longer and, for beginners, are often waxless with a fish-scale pattern under the midsection of the ski, which grips the snow. Boots are mounted on the skis only at the toes; the heel is free to move up and down. Skate skis are shorter and stiffer and don't have a metal edge for stopping. When the trails are groomed, a track is created for classic skiers; skate skiers use the open groomed part of a trail.

**SNOWSHOEING**

Snowshoeing is a great way to extend your hiking and running into winter. Simply attach a pair of lightweight aluminum frames to your shoes or boots and trek off onto your old favorite or new to-be-discovered trail. It is a wonderful activity to share with a group of all ages and ability levels, and it can also be a tremendous and inexpensive way to discover the solitude of the abundant trails in the area.

**WHERE TO GO**

Grand Lake Nordic Center has long been a jewel in Grand County, offering scenic views of Rocky Mountain National Park and Arapaho National Forest. The Center offers beginner to advanced skiers a variety of terrain on 35km of classic and skate skiing trails. The terrain and trails are also excellent for snowshoeing. There is a dedicated dog loop and a free tubing hill. Visitors can relax in the lodge, sit by the fire, and have a warm drink while overlooking the trails and mountain vistas. If you've not tried Nordic skiing, take a lesson from one of the trained instructors. Season passes and rentals are available. There are many special events during winter months, including Full Moon Skis, free lesson days, and guided snowshoe hikes. 970-627-8008, www.grandlakerecreation.com.

Snow Mountain Ranch Nordic Center, open daily, offers more than 100km of groomed, well marked trails for beginner to expert cross country skiers. Cross country skiing and snowshoe trail passes are complimentary to YMCA of the Rockies members and overnight guests. Open daily during ski season 8:30am-5pm. 888-573-9622, www.snowmountainranch.org/nordic-center.

Rocky Mountain National Park has free ranger-led snowshoe and cross country programs (park pass required) leaving from Kawuneeche Visitor Center as well as a map if you'd like to go on your own. www.nps.gov/romo.

Explore Rocky Mountain National Park and hundreds of KM of groomed trails! Rentals, lessons, ranger-led treks, full-moon skis, special events, & more!

Colorado Headwaters Land Trust is highly successful and highly regarded in the state of Colorado. Its mission is to preserve and steward open lands in the headwaters of the Colorado River for vistas, wildlife, ranch lands, and water, in partnership with landowners and for the benefit of all.

Most visitors to Grand Lake aren’t aware that the headwaters of the Colorado River — one of the west’s most majestic and, sadly, threatened rivers — are in Rocky Mountain National Park. In 2014 the Colorado briefly flowed all the way to the Gulf of Mexico for the first time in over 30 years. According to the Colorado Headwaters Land Trust:

“The name Colorado Headwaters Land Trust reflects our mission, our geographic focus, and the fact that the headwaters of the Colorado River — including many of its headwaters tributaries such as the Fraser River — are in Rocky Mountain National Park. The Upper Colorado River is struggling to retain its valuable natural attributes: critical cold-water aquatic habitat, wetlands, vital water rights, working ranches, scenic open space, and world-class rafting and fly fishing.”

The land trust’s primary land-protection tool is the conservation easement, a voluntary, binding legal document between the landowner and the land trust. It identifies the conservation values that qualify a property and permanently protects those values for public benefit by restricting development, subdivision, and other non-compatible uses. Colorado Headwaters Land Trust currently holds 60 conservation easements on 7,423 acres.

As Grand County residents, we feel fortunate to have the birthplace of this gem of a grand river right up the road from us. If you are interested in learning more about land trusts, conservation easements, or supporting what Colorado Headwaters Land Trust does, go to www.coloradoheadwaterslandtrust.org or call 970-887-1177.
